1121 CREAMY SELLA (BASMATI RICE)

- **ORIGIN: INDIA**
- **PRODUCT DESCRIPTION:**
 - Straight from the Indo-Gangetic fertile plains of India, 1121 Basmati rice brings you one of the most nutritious, deliciously musky long-grained varieties of Indian rice.
 - The 1121 Basmati Rice is also the first choice of the national as well as international clients due to the very extra-long grain, aromatic fragrance and non-sticky after cooking.
 - 1121 Basmati Rice has a comparatively lower GI (glycaemic index) among most of the other rice groups. The slower the GI index, the lesser the rise in blood sugar.
 - 1121 basmati rice is also rich in essential polyphenols and phytic acid. It is a great dietary choice to replace regular white rice to lower the risk of developing Type 2 diabetes.
 - Another reason 1121 basmati Rice is a good choice for a healthy diet is its high magnesium content. Magnesium plays a role in insulin regulation, and poor magnesium intake is linked to increased health risks. So, this rice is a healthy choice.
